

JOYFUL MISSION PRESCHOOL'S

DESIRE IS TO...

be a school that meets people where they are, with positivity and builds a strong and complete foundation for growth by ...

**Early
Preschool
(2's)** providing a safe, developmentally appropriate, nurturing environment inspiring a positive self-image and a love of learning.

**Preschool
(3's)** guiding children to care for themselves and others through social emotional development, while building a foundation for future learning.

**Pre K
(4's)** creating a school family that cares and accepts each child where they are by fostering positive relationships and emphasizing an eagerness in learning founded in God's love and word.

**Junior K
(5's)** creating a family by instilling the love of God and building a strong relationship with students and their families. Providing a positive safe place where they can build ownership and love to come each day. Acknowledging each child's needs and guiding them forward from where they are to where we know they can be so they feel confident and love learning. This is a gift of time.
